When You Paint Your House—

pick a paint that will give you the utmost in beauty and durability.

You can find any number of paints that cost less per gallon than Patton's Sun-Proof Paints, but cheap paints are made cheaply. You can paddle lead and oil together yourself but you'll lose money in the end, because such mixtures wear only half as long as Sun-Proof Paint.

Patton's Sun-Proof Paints are scientifically made of accurate proportions of lead, zinc and silica, with aged linseed oil, pure drier and finest color pigments. Proved by public tests and endorsed by men of science. Analysis on every can. Let's talk it over. Get a beautiful color card.

PROHIBITION RALLY HERE THIS AFTERNOON

WILL BE HELD IN OPERA
HOUSE AT 3:30
O'CLOCK

TWO NOTED MEN

John G. Woolley, Former Candidate for U. S. President, and
Geo. W. Morrow, D. D.

The great Prohibition Rally at the Anderson theatre this afternoon at 3:30 o'clock, is in the interest of the educational campaign for national prohibition now under way through out the entire country. This is one of thousands of national prohibition rallies now being conducted by the Anti-Saloon League. More than 3,000 have been held during the past two years and most of the states have been reached by this great nation-wide crusade.

The end which these rallies have in view is to bring more pressure to bear upon the congressmen throughout the country through the intelligent moral sentiment of the people. The adoption of an amendment to the constitution of the United States requires

HON JOHN G. WOOLEY

that it shall be passed by a two-thirds vote of both houses of congress, and shall be ratified by 36 states. On December 22, 1914, in the house of representatives, the above amendment received 197 votes, while in 189 were cast against it. Though it failed to receive the two-thirds vote necessary to its passage, that it received a majority was a remarkable victory for the Anti-Saloon forces of the nation. Another resolution, essentially the same as the Holman amendment, will be introduced in the next session of congress. These meetings hope to bring the people to see the value of this amendment, and so to have them bring the pressure of their influence to bear upon their congressmen to vote for it.

The men who come to Anderson to speak are men of wide fame as platform orators. The most prominent of the two is Hon. John G. Woolley, a former candidate for president of the United States on the prohibition platform. For twenty years he has been giving his life to this work. Prof. Wm. C. Wilkinson, of the University of Chicago, says that "He is a man who has chosen nobly, wisely, disinterestedly, nay, to his own loss perhaps, in bringing his splendid intellectual powers and laying them unreservedly upon the altar of this sacrifice. He is quite as brilliant, more brilliant, I think, than Wendell Phillips, and far more persistent." Another friend says of him that "he stands in the front rank of the world's great advocates of the temperance reform. He is a born orator, and this means more than being a polished speaker, although he is that too, for he

REV. GEO. W. MORROW, D. D.

possesses that God-given power to stir the hearts, awaken the consciences and compel conviction in the minds of his hearers. There is more religion in his speeches, notwithstanding their quaint humor and racy wit, than in many sermons, and his moralless logic leaves the shuffler no hole through which to crawl."

The other gentleman who will speak is Rev. Geo. W. Morrow, D. D., of Detroit, Mich. He was reared on a farm, went into the ministry after his education had been completed, served as pastor in New York and Vermont, reaching the top of his vocation. He was then elected superintendent of the Vermont Anti-Saloon league and served in this capacity for six years. From here,

TICKET OFFICE WILL BE MOVED THIS WEEK

BECOMES NECESSARY BE-
CAUSE STREET CAR
TRACK PAVING

FREIGHT DEPOT

Is Place That P. & N. Office Will
Be Located—No Announce-
ment Yet Been Made.

With the tearing up of the street car track on North Main street preparatory to the paving, it will be necessary for the Piedmont & Northern cars to stop before reaching their depot up town. Mr. H. A. Orr stated yesterday that if the weather was favorable, the track on North Main street would be impassable by next Saturday.

For the past two months the P. & N. office has been located in Crayton's drug store, while the Bailey's building, the regular quarters was being completely remodeled. Although the work on this building is about completed, it will not be occupied until after the street car track paving on North Main street is finished.

Although not officially announced, it is understood that the ticket office will be moved to the P. & N. freight depot some time this week. With this change there will also be a change in the cars since it was announced that during the time the track was torn up shuttle cars would be used between here and Belton.

ENROLLMENT PUPILS INCREASING RAPIDLY

IS NOW NEARING 3,500 IN
THE ANDERSON CITY
SCHOOLS

TOTAL OF 3,392

Now Shown by Reports for Month
Ending Nov. 6—Increase of
417 Over Last Year.

That the Anderson city schools are growing steadily is shown by the monthly reports of the teachers in the various grades which indicates the attendance. The total attendance is now nearing 3,500 and before long it will reach that mark.

A condensed report of the total attendance as compared with last year is as follows:

Enrollment last month white pupils, 2,446; colored 946, making a total of 3,392.

Last year for the same month the total attendance was 2,975, or a gain for the month ending November 6, this year, of 417 pupils.

HIGH POINT SCHOOL

Our school has been in session a month, and work has begun in earnest with Misses Selma Crawford and Marie Gaines as teachers. Up to this time there are sixty-one on roll.

Friday morning at 9:30 the Boosters' club of Honca Path visited us. Short addresses were made by Messrs. Wright, Brock and Rev. Reeves in interest of the Centaurean which is to be held there shortly.

The improvement association has put our flower yard in some better condition than it was at the beginning of the season. Almost every flower and tree which was planted last spring is living. The improvement association will have a call meeting next Wednesday afternoon at 3:30. Everybody in the community is urged to be present at this meeting is a very important one.

Misses Gaines and Crawford attended the teachers' meeting in Anderson Saturday.

he was called to serve in the same position in the state of Michigan, where he served for eight years. For the past two years, he has been on the national staff of the Anti-Saloon league of America. He has addressed great audiences throughout Washington, Oregon, California, Colorado and the west for the past two years. As a speaker, this testimony comes to us: "His public addresses are always logical, at times dramatic in their presentation and always so thoroughly convincing that I consider him one of the best speakers I have ever heard." Another says of him that "he is a most earnest, energetic and forceful worker in the cause which he has espoused. I have heard him before great audiences, and he was, like a lion, waked out of his sleep. I have met him once face to face and he was as gentle as a woman. He has the spirit both of fairness and of fight and a vigilant foe has never been able to unharness him."

A very interesting program has been worked up for this meeting, and it promises to crowd the opera house to the doors. These prohibition people have a song book of their own, and a number of the men of our city have been practicing some of these songs to render them at the meeting this afternoon. Senator J. L. Steward will preside over the meeting.

TEN PEOPLE CHARGED WITH FIVE MURDERS

FEW MINOR CASES ARE
ON THE DOCKET FOR
TRIAL

THE DODD MYSTERY

May Be Cleared Up When Doc
Freely Is Put On Trial for
the Killing.

The fact that there are ten murder cases awaiting trial at the term of court of general sessions which convenes Monday morning, is rather misleading in a way. Although ten people are charged with murder, these will be tried for only five murders. In some cases as many as four are charged with killing the same man.

First on the list of those awaiting trial on the charge of murder are the names of four negroes, Charlie Donaldson, Jim Wakefield, Lawrence Cowan and Plummer Davis, all supposed to have taken part in the killing of a negro in the upper section of the county a few weeks ago. It will be remembered that the killing took place at a saw mill, and that after an inquest was held and the body buried, it was learned that there were serious burns on the dead negro. The body was accordingly taken up and another inquest held, which resulted in the arrest of three more negroes, making the number charged in this case four.

What promises to be one of the most interesting cases tried in Anderson county in a number of years is that of Feaster Jones, charged with killing his uncle, Dr. L. O. McCallin, at Starr about five weeks ago. The outline of the defense was announced several days ago, and this with the prominence of both parties, will cause much interest to be taken.

Henry and Walter Laboon are to be tried for murder. They are charged with killing a negro at a church in the upper section of this county. The case was tried at the last term of court of general sessions but resulted in a mistrial.

Another interesting case is that of Doc Freely, the negro charged with the murder of Mr. Dodd last February, and who was only arrested last week. It appears as if the mystery of the case is to be cleared.

Ernest Gentry and Fred Shaw, two young white men, are charged with the murder of Waymon Cain, another young man, in the Carewell Institute section on Thursday night.

One noticeable feature in looking over the docket is the small number of cases that are to be tried in which the defendants are charged with more or less minor offenses.

Court will convene at 10 o'clock tomorrow morning with Judge Ernest Moore of Lancaster presiding. Grand jurors as well as the petit jurors for the first week, and all court attendants are expected to be on hand at that time.

DEATHS

Miss Lena Partain.
Miss Lena Partain, the 18 year old daughter of Mr. and Mrs. J. H. Partain of 31 G. Street, Anderson, S. C., died yesterday morning at 7 o'clock as result of typhoid fever. Funeral services will be held today at 12 o'clock in Hart county, Georgia.

Civilization's Bulwark.
The chairman of the committee was addressing a meeting at a teachers' institute.

"My friends, the school work is the bulwark of civilization. I mean—ah!" He began to feel frightened.

"The bulwark is the school work of city—"

smile could be felt.

"The workhouse is the bulwark of—"

He was evidently twisted.

"The schoolbul is the house work—"

An audible snicker spread over the audience.

"The bulwark—"

He was getting wild. So wore his hearers. He mopped his perspiration, gritted his teeth and made a fresh start.

"The schoolhouse, my friends—"

A sigh of relief went up. Hamlet was himself again.

He gazed around. The light of triumphant self-confidence was enthroned upon his brow.

"If the bulwark—"

And that was when he lost consciousness—Philadelphia Ledger.
